Objective

Seeking a fulfilling position in life to utilize my skills and abilities and achieve professional growth as a Frontend Developer and support of all IT Needs that offers growth opportunities and allows me to use my leadership skills and experience while being innovative and flexible.

Work Experience

Community Service
St John's Ambulance

Nairobi.
Jan 2022 / Mar 2022
I assisted in Community Service work at St John's Ambulance for some time and was able to gain and use several skills such as; Organizational Skills, Teamwork Recordkeeping, and First Aid training.

Voluntary Work
Kenya National Library

Nairobi, Uppermill
Feb 2022 / Mar 2022
I assisted in several activities at the Kenyan National Library as voluntary work. The activities included; record-keeping, spine marking, organizing books, and further attending Empowerment Classes which helped me gain confidence in my Career choices and Social life in general. The classes also proved useful in preparing for the working class

Education

Pursuing Degree
Strathmore University

Nairobi Campus, Langata
2023
I am a third-year student at Strathmore University. Attending the BBIT (Bachelor of Business Information Technology) course.

CCNA Training
CISCO Academy
